

## Features

### Gravity-Fed Glides

Designed for cold vault angled shelves, Ice-Glide enables the product to naturally glide forward — keeping your shelves appearing stocked and organized

### Clear Brand Exposure

The slim transparent front lens promotes products and flavors to shoppers with unobstructed visibility

### Durable Performance

Robust glide surface, versatile lane dividers, and crystal-clear front lens keeps products upright and organized

### Recyclability

Manufactured from virgin high-density polyethylene material to support long-lasting strength and easy recycling

### Customizable Lane Configurations

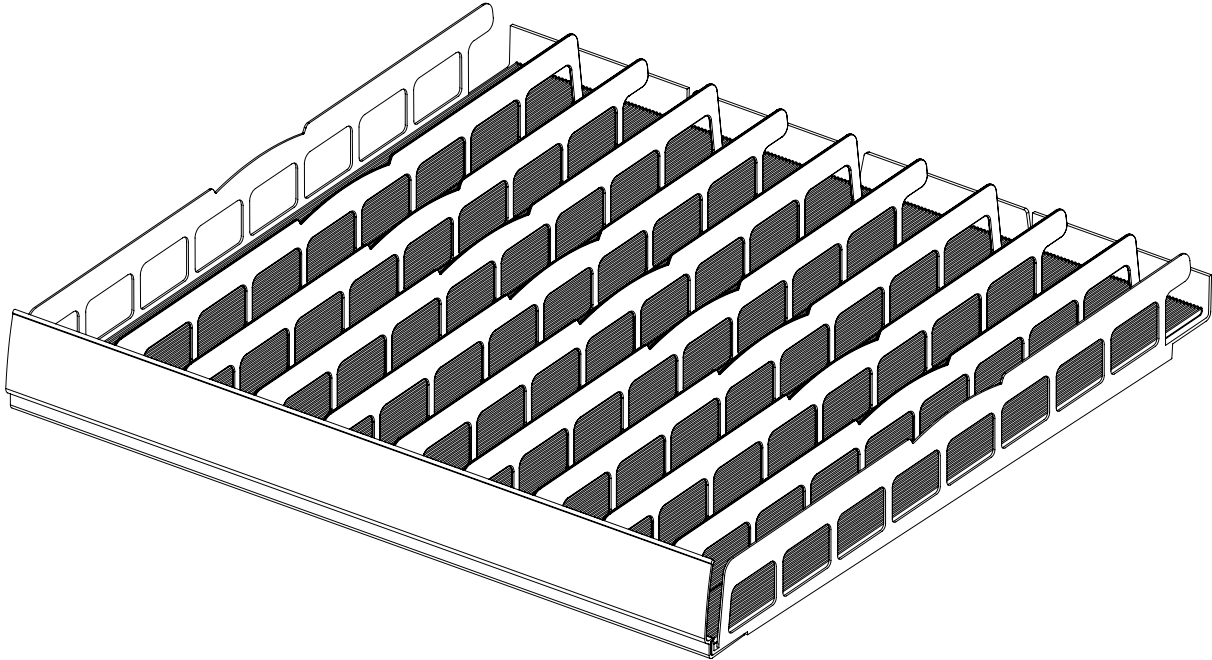

Reposition lane dividers at 0.143” increments to accommodate various products and packaging — providing maximum planogram flexibility

### Fast Setup and Installation

Save time and labor with our easy and efficient snap-fit components and repositionable dividers that install correctly every time — No tools required

### Easy to Clean

Removable parts and snap-fit lane dividers make it easy to clean and reassemble — When spills occur, simply wipe spills with a damp cloth
